

Dutch Medicines Days 2018

1-2 October 2018 | Congress Center de ReeHorst, Ede

CALL FOR ABSTRACTS

WWW.FIGONDMD.NL

Sustainable innovation in Oncology; from molecule to man, societal sustainability & health economics

The 20th edition of the Dutch Medicines Days is an initiative of FIGON. FIGON is the integrative platform for innovative drug research in the Netherlands.

The Dutch Medicines Days is the conference where partners from Industry, Institutes and Government can present their findings, share new scientific content and strengthen their network.

If you want to present your study during the FIGON Dutch Medicines Days, you may submit your abstract(s). This can be done **till July 15 2018**. Around September 1 all submitters shall receive a notification from the organization to inform them whether their abstract has been selected for a presentation during the FIGON DMD. And (*if applicable*) if this will be in the form of Oral or Poster presentation.

THE AWARDS

If your abstract is selected for a poster presentation you may also qualify for one of the 6 poster prizes of €200 each, which are available for the best research poster presentation.
