

RSNN

Regulatory Science Network Nederland

Final program RSNN sessions, FIGON DMD, now available

On Monday, 1 October, the Regulatory Science Network Nederland (RSNN) will be holding two parallel sessions during the FIGON Dutch Medicines Days (DMD). There will be many opportunities to explore and discuss Regulatory Science, and we are pleased to share with you the updated and final program (displayed on the right).

The speakers will reflect on and discuss the topic from different perspectives: regulatory, industry, academic, HTA and patient-focused. More information on the parallel sessions can be found on the FIGON DMD [website](#).

REGISTER [NOW](#) (discounted for RSNN participants)

We hope to see you on Monday, 1 October!

On behalf of the program committee,
Anke Kip, RSNN secretariat

About the RSNN

The Regulatory Science Network Nederland (RSNN) is a network of regulatory science experts from industry, academia, governmental bodies and the broader regulatory science field. Our mission is to advance an efficient and effective regulatory system for drug development, marketing authorization and access, and appropriate use of medicines by pooling expertise of all stakeholders, sharing and disseminating knowledge and setting the agenda for further research.

Regulatory challenges for the next wave of cancer therapies
